Travelling with pets		
Mutual rules for travelling with pets are normally applied among the EU countries; however there might be local rules stipulated by your country versa the countries you plan to travel to.		
Some countries have a total ban on entry of dogs which they have classified as aggressive. It is the responsibility the owner of the dog to investigate if the dog meets the demands of EU/local country for vaccination and the admission of certain breeds.		
If you plan to bring your pet on the tour we ask you kindly to fill in below information.
